GRANT TO CSOS FOR THE IMPLEMENTATION OF PROJECT ACTIVITIES ON WOMEN'S PARTICIPATION IN POLITICS IN NIGERIA

PROCUREMENT PROCESS: OTHER

OFFICE: UNDP NIGERIA – NIGERIA

DEADLINE: 23-NOV-18

POSTED ON: 16-NOV-18

DEVELOPMENT AREA: OTHER

REFERENCE NUMBER: 51617

LINK TO ATLAS PROJECT: 00111076 – GOVERNANCE, HUMAN RIGHTS, PEACE & SECURITY

OVERVIEW :

Call for Proposals

Grant to CSOs for the implementation of Project Activities on Women's Participation in Politics in Nigeria

PROJECT DESCRIPTION:

Democratic elections remain a crucial element in providing the best possible opportunity to ensure women's voices are heard, their concerns addressed and their contribution to democracy maximized. The United Nations (UN) System in Nigeria stands behind women's equal participation in all aspects of life and supports the formulation and implementation of policies, global standards and norms at both regional and national levels that enhance gender equality and women's empowerment, an effort aimed at strategic entry points that can advance the status of women by catalyzing wide-ranging, long-term impacts. These multi-pronged approaches must come together to shatter the 'glass ceiling' that has historically formed a barrier to women's rise to leadership in public life and in politics.

The principle of women's participation and inclusion in leadership and elective politics is anchored in a robust legal and normative framework at national, regional and international level. *Nigeria is under a legal obligation to uphold these principles. The Convention on the Elimination of All Forms of Discrimination Against Women, the International Covenant on Civil and Political Rights, the Beijing Platform for Action (1995), the African Charter on Human and People's Rights and the Rights of Women in Africa (Maputo Protocol, 2003), the Solemn Declaration on Gender Equality in Africa (2004), the African Union Gender Policy* are among instruments that underscore Nigeria's commitment towards gender equity and equality in representation of women and men. Meanwhile, Nigeria's adoption of the *National Policy of 35% Affirmative Action for women* is one of the several efforts made to empower the women

in politics in line with Beijing Declaration of 1995. The Sustainable Development Goals, specifically Goal Number 5 is a call to gender equality and empowerment of all women and girls.

Even the constitutional guaranteed rights to participate in active politics and governance by virtue of Section 42(1) of the 1999 Constitution of the Federal Republic of Nigeria, as amended, which states that: *“A citizen of Nigeria of a particular community, ethnic group, place of origin, sex, religion or political opinion shall not, by reason only that he is such a person be subjected to any form of discrimination”*.

Key to achieving this is to promote women’s political participation and leadership throughout the pre-election, and election phase and support to more women to get on ballots, attain political office and go to polls to vote.

In an effort to empower Civil Society Organizations (CSOs) and to enhance their capacity in the provision of these services, the United Nations Development Programme (UNDP) Country Office in Nigeria announces a call for grant applications for the implementation of women participation in politics in Nigeria.

This call for grant application is being advertised under the Norwegian Funded Project *‘Support to women participation in Politics’*. The project is implemented by the United Nations Development Programme (UNDP).

The objectives of the project are:

To provide effective support to women, provide a platform to amplify the voice of women participation in politics,

Develop action plan and communication/publicity approach which will include but not limited to effective Radio/TV broadcast and any other contextual strategic modality;

Contributing to women involvement through continuous voters’ registration (CVR) and Voter Education particularly on voting processes in specific targeted states from each geopolitical region (Lagos, Rivers, Imo, Anambra, Benue, Katsina, Borno, Adamawa and Plateau State) nine States in total.

With this call, a Grant Award Committee (GAC) will be constituted to lead a process of issuing grants not more than US\$10,000 (equivalent in Naira) per CSO for activities in respect of women participation in politics project, for a period starting November 30th – December 29th,

2018.

The Grant Award Committee (GAC) seeks to competitively select qualified NGOs, CSOs that will receive grants from the above mentioned project to organize, coordinate and carry out activities outlined below:

Mobilization and sensitization of women to vote for women candidates in the general election. The goal should be to amplify women's voice and implant women not only in appointive but also in elective position in order to have a greater impact.

Extensive capacity building (knowledge management and replication) for CSOs and citizens on issues bordering women in politics.

Promote the development of watch-dog CSOs, which will monitor party primaries, document/publicize instances of disenfranchisement of women contestants and make recommendations for the improvement of the system.

Increase public awareness and interest in addressing the challenges of women participation in politics

Increase capacity of civil society networks to engage government and political parties (especially party primaries) on the need for increase women participation in politics.

Develop advocacy campaigns on women participation in politics across party line.

The selected Organizations shall be required to carry out the specified project activities within Nigeria, specifically in Lagos, Rivers, Imo, Anambra, Benue, Katsina, Borno, Adamawa and Plateau State.

Eligibility Criteria:

Organizations eligible to receive funding through this Call for Proposal must meet all the eligibility criteria in addition to the specific criteria for grant.

Organization's Eligibility Criteria for application

The Organizations that are eligible to submit proposals for grants should meet the following criteria:

Demonstrated commitment to engaging stakeholders across board in Nigeria.

Be a not-for-profit organization with mandate on gender equality and non-discrimination.

Should be registered by relevant bodies (CAC, etc.) and operating in Nigeria.

Should have proven relevant experience specifically on capacity building on gender advocacy

and partnership with UNDP.

Eligibility of Proposals

The following benchmarks will be used as the basis for evaluation of grant proposals by the Grant Award Committee:

Evidence of established management structure i.e. Management Board responsible for making decisions for the Organizations.

Certificate of registration with the Corporate Affairs Commission.

Evidence of an operational Office in the geographical area it is submitting the proposal on.

Corporate Bank Account(s) managed by a minimum of three signatories.

Demonstrable technical capacity, including previous experiences of similar work; training resources and other relevant information.

Innovative and creative proposal with clear strategies aimed at increasing and enhancing the quality of civic engagement on anti-corruption issues, policy advocacy, capacity building, etc.

Realistic budget that matches the proposal.

Language capacity to understand the governance process and conceptualize clearly.

Administrative Cost must not exceed 10% of the total budget.

Three copies of Call for Proposal with relevant attachments prepared according to this Call for Proposal must be sent to e-mail cso.ng@undp.org

Deadline for submission of concept note is Friday 23rd November, 2018 by 17.00CAT.

START-UP CASH GRANTS FOR NIGERIAN HUMANITARIAN FUND (NHF) IN BARA & NJIBULWA IN YOBE STATE

PROCUREMENT PROCESS : RFP – REQUEST FOR PROPOSAL

OFFICE : UNDP NIGERIA – NIGERIA

DEADLINE : 27-NOV-18

POSTED ON : 19-NOV-18

DEVELOPMENT AREA : OTHER

REFERENCE NUMBER : 51655

LINK TO ATLAS PROJECT: 00108936 – INTEGRATED COMMUNITY STABILIZATION

OVERVIEW :

The crisis in north-east Nigeria remains one of the most severe in the world, in its ninth year. In the three worst-affected states of Borno, Adamawa and Yobe, 1.7 million persons are internally displaced and human rights violations continue to be reported daily.

Poverty levels in Nigeria have been high for successive decades after the oil boom of the 1970s. By 2015, Over 64 percent of the population lived below the poverty line. Nigeria's Human Development index in 2015 was 0.514 placing it at 152 out of 1883 countries ranked in that year. Geographical disparities in the country are demonstrated by differences in social development indicators among the 36 states with North East states consistently bringing up the rear. Poverty and hunger have remained high in rural areas, remote communities and among female-headed households.

The average income per household and month in 2016 stood at US\$ 60, which translates into an average income of \$0.4 per day per person. This figure, which is significantly below the officially defined poverty line of US\$ 1.5 per day, explains why 46 percent of households borrow money to buy food. It also explains the looming livelihoods and food crisis. moreover, income from skilled labour dropped from 21 percent before the crisis to under 5 percent today. Without immediate and significant support to economic revitalisation, this situation will be extremely difficult to reverse. In order to restore the livelihoods of skilled beneficiaries in Yobe State UNDP plans to carry out start up cash grants activity.

A.Approach

The organization will plan and manage the monitoring activities of vocational skill training of 125 beneficiaries and provision of the cash grants to those who meet the criteria out of

the beneficiaries. The training course is for three (3) months which is placed in Vocational Training Centers of Damaturu, Geidam, Potiskum, Nguru & Gashua) and on completion at communities of Bara and Njibulwa Communities in Gulani LGA in Yobe State. UNDP will provide a list of 125 beneficiaries i.e. Njibulwa 35 beneficiaries and Bara 90 beneficiaries to the selected organization.

During training sessions monitoring, the organization will provide support to the beneficiaries in:

Preparation of business plan

Orient beneficiaries on financial management of business

Orient beneficiaries on record keeping of business

On graduation of the course; out of total 125 beneficiaries under vocational training, those who meet the criteria mentioned below will be selected for start-up cash grants for business purpose. The total amount of the grant is 18,750,000 Naira (52,083.33 US\$) and the allocation of the amount among the 1st and the 2nd tranche is up to the proposal by the organization. The amount is to be evenly divided among the qualified beneficiaries. If all the 125 beneficiaries should meet the criteria, the amount per beneficiary will be 150,000 Naira. The percentage of the qualified beneficiaries should not be smaller than 80% of the beneficiaries under vocational training. In case the percentage does not reach the figure, a consultation should be done with UNDP. The criteria for the beneficiaries are:

Graduated the course with minimum attendance of 70 % and above

Graduated the course clearing the minimum requirement of performance in theory and practical of 70% and above

Graduated the course having well developed business plan as per acquired training skill

The organization should prepare a list of beneficiaries who meet above mentioned criteria.

Then, the beneficiaries who do not have bank account should be supported to have ones.

After getting the bank accounts of all beneficiaries, the organization will disburse the 1st tranche to selected beneficiaries. The 1st tranche spending will be monitored by the organization. The organization will provide a consolidated report about spending of each beneficiary.

The organization will prepare a final list of beneficiaries who spent 1st tranche properly as per business plan. The organization will request for the release of 2nd tranche for beneficiaries who followed the business plan. The organization will disburse the 2nd tranche and monitor the spending of each beneficiary. The organization will submit a detailed report

on startup grant on completion of 2nd tranche monitoring.

As the beneficiaries are from communities of Bara and Njibulwa Communities in Gulani LGA in Yobe State, the organization should put sufficient measures to track and records all beneficiaries. The monitoring methodologies to check the ongoing vocational skill trainings and how to monitor the business plan of each beneficiary should be proposed in the technical proposal. The organization should propose a template of the business plan and the template for monitoring of the 1st and 2nd tranches.

Objectives

The objective of the intervention to support graduated beneficiaries with startup cash grants for business as per selection criteria

Methodology

The overall methodology to be followed is the following:

Study the status of the and plan details of the startup cash grant intervention.

Monitor the ongoing vocational skills training courses

Provide guidance and support the potential beneficiaries to develop his/her business plan.

List up the beneficiaries who meet the criteria. The percentage of the qualified beneficiaries should not be smaller than 80% of the beneficiaries under vocational training. In case the percentage does not reach the figure, a consultation should be done with UNDP.

Check the availability of the bank account of the selected beneficiaries and support those who don't have ones to get.

Disburse the 1st tranche of the grants

Monitor the use of 1st tranche by each individual beneficiary

List up beneficiaries for 2nd tranche which justifies usage of the 1st tranche as per business plan

Disburse the 2nd tranche for selected beneficiaries

Monitor the use of 2nd tranche for each individual beneficiary as per business plan

Monitor report on the use of 2nd tranche for selected beneficiaries

Location of Work

The work will be set to provide service for beneficiaries at Vocational Training Centers of Damaturu, Geidam, Potiskum, Nguru & Gashua for three (03) monthscourses and on

completion at communities of Bara and Njibulwa in Gulani LGA in Yobe State

Deliverables

Desired results of the intervention;

Inception report including detailed plan of monitoring and disbursement of the grant

First Interim Report with result of monitoring of the training, list of the selected beneficiaries, all the business plans and the bank account information of the all

Second Interim report with bank statements of transfer of the whole amount of the 1st phase grant, monitoring report on the usage of the 1st tranche and the final lists of beneficiaries for the release of 2nd tranche

Final report with the bank statements of transfer of the whole amount of the 2nd phase grant, monitoring report of usage of the 2nd tranche and pictures of businesses established

Project Duration

Project implementation must not exceed 12 weeks – planning and preparation, field work, and reporting – starting from 10th December to 10th March 2019.

Qualifications of the Successful Service Provider

1. Official Registration as required by the Laws of Nigeria

2. General Organizational Capability which is likely to affect implementation: management structure, financial stability and project financing capacity, project management controls, extent to which any work would be subcontracted

3. Experience in management of cash-based interventions in post-conflict area. Past similar cash-based intervention experiences in North-East Region is an asset.

4. Quality assurance procedures and risk mitigation measures (familiarity with the economic, security and political situation in the north-east Nigeria. Previous experience in Yobe State will be considered as an asset)

5. Organizational Commitment to Sustainability

6.-Organization is compliant with ISO 14001 or ISO 14064 or equivalent or Organization demonstrates internal policy documents and implementation of an effective environmental management system and Greenhouse gas emission control

7.-Organization is a member of the UN Global Compact or Humanitarian Coordination mechanism (e.g., Inter-Agency Standing Committee (IASC), Cluster/Sector Coordination)

8.-Organization demonstrates significant commitment to sustainability through some other means, for example internal organization policy documents on women empowerment, renewable energies or membership of trade institutions promoting such issues
